rado School of Mines football teams lined up on Cummings field at 3:15 o'clock this of rooters who filled the west bleachers and packed the grand stand. The fence was lined around the entire oval and there were several hundred automobiles and carriages filled with parties. The kick-off came a moment later and the first few scrimmages showed that the teams were evenly matched and that free game will be fought to a finish, in speed and weight the reams are about evenly matched and the first few minutes of play gave neither team a decided advantage, and neither had scored at the time of going to press.

Before the game Coach Ted Stuart, Coach Fred Bennion, Capt, Home of Utah and Capt, Douglass of Colorado met with the officials and decided upon the interpretation of several disputed points under the new rules. The men came to an understanding so that no disputes will take place during the game. The eligibility committee also held a meeting and considered the protests made by the Utah team against Rockwood and Slattery, two star men on the Miners team. The committee overruled the procest and the men were allowed to play.

Coach Bennion said that his men were in good condition this afternoon when the team entered the field and that he expected great things. "We expect to with," he said, "and the boys have the determination which is half of the victory." of rooters who filled the west blenchevs

Conch Stuart said: "We come all the way from Golden to make this the fourth victory out of five games. My men are in good shape."

victory out of five games. My men are in good shape.

The university bases its hopes on Capt. "Tiny" Home and Sam Oteson in the positions of tackles to break up the plays for the Miners, glying the back field and ends a chance to get the man with the hall. Home and Oleson will also have to stand the brunt of the attack for the Colorado team has a number of plays on tackle which they depend upon to gain ground. Both Home and Oleson are in good condition and are seasoned players. Richardson's work will be watched by every university student for he will handle the forward passes and do the punting. In Logan, ...chardson was a star and constant ground gainer. He is expected to make first down in a pinch this afternon for the local team.

In the back field, Utah has a bunch of sprinters which ought to give the local team the advantage over Golden. The Miners have a heavy smashing line and their team work is especially good.

#### FRESHMEN OUTCLASS JORDAN HIGH SCHOOL AT SANDY

The university freshmen walked over the Jordan high school, yesterday afternoon by the score of 52 to 6, on the Sandy gridiron. Although the Jordan hoys displayed gameness throughout and contested every foot of the ground, they were no match for the freshmen who made touchdown after touchdown. The freshmen were perfectly at home to the new rules and used the forward pass to good advantage. On line plays and forward passes Jordan was fulry good, but in open work they made a very poor showing.

#### HIGH SCHOOL BOYS DEFEAT OLD STYLE PLAYERS

The football game between the high school and the alumni teams Friday aftternoon was won by the high school by the score of 11 to 0. The 600 spectators were kept in a continual uproar by the stunts of the old-timers, who could not get onto the new style game, but they were certainly at home when it came to bucking the line. The high school made both touchdowns in the first half but after that they could not make any headway against their heavier opponents. McCabe played a star game for the alumni as did Reed and Hennesy. The alumni team had two chances to score but were too tired to push the bari over the line. The line-up:

### OGDEN RACE MEET **CLOSES AT FAIR GROUNDS**

(Special to The News). (Special to The News).

Ogden, Oct. 15.—It was "get-away-day" at the fair grounds track this afternoon and the bookmakers gave the public the worst of it on the opening betting. The crowd at the track was the largest of the season and many went prepared to plunge in an effort to break even with the game, During the meet the pontes have showed poor form, the bookmakers have pute up short odds and carried away a large sum of money out of the city.

Since the races began the drain on cold cash has been noticed by the business interests. It is probable that this is the last race meet of any length which will be held here.

The Granite high school team went

The Grunite high school team went to Ogden this afternoon, to play the Ogden high school. Coach Moss believes that although his men are small compared to the Ogden men, they will more than make up in gameness what they lack in size.

### ALL STARS TAKE FALL OUT OF ATHLETICS

Washington, Oct. 14.—The All-Stars and Athletics gave a splendid exhibition of baseball today, the former winning by the score of 4 to 1.

Walter Johnson held the champions to five scattered hits until the last inning, when he slackened his speed and two doubles resulted. Morgan also pitched well for five innings, but a double and three singles in the sixth decided Manager Mack to send Dygert in for the final rounds and the midget finished in brilliant style.

Second Baseman Collins wrenched his knee in turning first after he had singled in the fourth inning, but Captain Davis reported him all right by the time the game was over. He will be back in the game tomorrow.

### YANKS RATTLE WILTSE AND WIN IN NINTH

New York, Oct. 14.—Victory perched on the banners of the New York Americans today, when they passed the. Nationals in the last two innings of a well-played contest and won the second game of the post-season series, 5 to 4.

It was a pitcher's contest between Wiltse and Warhop and honors were fairly even until the last two innings, when, under a storm of American hits, Wiltse weakened and lost control.

Warhop worked splendidly throughout-the game and his effectiveness increased as the innings passed. After the third inning but one hit was made off him. Devilin alone solved Warhop's delivery, making a home run and a double, which brought in three runs.

With only a run needed to tie the score in the ninth, Manager Chase noted that Wiltse was weakening under the strain. He ordered his man to wait the pitcher out and in consequence, Gardner, the first man up, walked, Mitchell was hit by a pitched ball and the stand went wild. Roach, batting for Warhop, sacrificed and Austin singled to right, scoring Gardner and Mitchell took third.

Daniels hit to Dowlin and Mitchell was caught at the plate. Hemphill was purposely passed, filling the hases. Wiltse, clearly rattled, could not locate the plate, and Chase, the next batter, walked, forcing in Austin with the winning run.

### ATHLETICS ARE POPULAR **FAVORITES WITH FANS**

Big Betting Medium for Public.

Much money is bet on the world series every year and this year is no exception. There will be many bets placed on the teams contending in the series commencing Monday, and at the present time it looks as though the Athletics will enter that series carrying the big end of the money wagered. The Athletics will carry more money this year than the Tigers carried in the last three years in the same kind of a series, and the White Sox had bet

of a series, and the White Sox had bet on them in 1906.

It is hard to find the reason for the plunge on the Athletics. It is a case of sentiment against actual figuring.

Work out the prospects on paper and the Cubs should win by a margin of two games. Then why this heavy betting on the American leaguers?

One reason is that the American league has been beaten in the last three years, and three carries weight in superstition. They might make it three time in a row, but the National leaguers could not wrench a fourth consecutive victory from the Americans on the "law" of superstition.

Another reason is that the general public clings to the "under dog." It always wants to see a little fellow whip a big one and the downtrodden haul one over the oppressors. The American league is the "under dog." in baseball as regards the world series.

The Athletics, under the leadership of the tall, thin man who husbands all the playing strength of his team and who weighs so carefully all the ingredients of a baseball victory, will be asked to compete against the best team that baseball has produced in recent years, "the greatest playing machine the game has known."

Frank L. Chance and his Cubs have

that baseball has produced in recent years, "the greatest playing machine the game has known."

Frank L. Chance and his Cubs have made their reputation. To them more than to any other team belongs the right to wear the crown. They are champions of baseball champions and the Athletics carry the usual lot of success-wishing that a challenger carries.

Cobb says that the Athletics' pitchers will beat the Cubs. Some bets are placed on the strength of similar convictions. Coombs, Plank and Bender are the men credited with carrying off the long end of the slab duels.

The Athletics are better butters and many wager on that score.

Mack is probably the craftiest manager in the game, and many depend on his resourcefulness to beat the Cubs.

And those are the reasons why most of the money is going on the Athletics. The general public does not consider the fact that the Cubs' outfield, infield and catching staff are superior to those of the Mackinen.

### TENNIS COMMITTEE **WILL ANNOUNCE RATING** This Year for Coveted Positions.

New York, Oct. 15.-The conclusion of the lawn tennis tournament season turns the interest of followers of the game to the work of the rating committee, which will shortly announce the relative standings of the prominent players for the year.

Lawn tennis players of the tournament campaigning class reap more real reward from a high rating on the annual list than they do by winning a championship. The honor roll by common consent includes the first 10. These are the coveted positions, but to rank tablishes a player as one of the foremost men in the country.

william A. Larned, the six-time-win-ner of the national championship, will again top the list this year. The places immediately following are matter for speculation, however. There are many new aspirants for these places, includ-ing the Californians who have played brilliantly all the season. brilliantly all the season.

brilliantly all the season.

The principal contenders for the honor plays after Larned in the forthcoming list are as follows:

Thomas C. Bundy, Maurice McLaughlin, Beals C. Wright, Nathaniel W. Niles, Gustave F. Touchard, Frederick C. Colston, Theodore Roosevelt Pell, Carlton R. Gardner and Wallace F. Johnson.

Then the man in the touring carpaused a moment and then, looking at the stranger by the roadside, said at last: "What's the matter with that machine of yours?"
"There isn't anything the matter with this machine; but since noon my wife has been in that house over there kissing her sister's first, baby good-by. When she gets through, if you are not more than a thousand miles away and will leave your address, I will telephone or cable you the glad news."—New York Press.

#### MASSACHUSETTS **DEMOCRATIC SITUATION**

ments in the political field have served to complicate still further the Democratic situation in Massachusetts. The secretary of state, on the advice of the ballot law commission, has rejected the name of Clifton Loring of Medford, on the Democratic ticket for lieutenantgovernor, on the ground that the convention last week failed to make any nomination for that office and could not legally delegate to a committeee the power to name a candidate. The con-

power to name a candidate. The convention did name a candidate for governor, Frederick W. Mansfield, of Boston, with the idea that he would withdraw when a comimtee of four had selected a permanent candidate. The convention also named candidates for other state offices.

Mansfield has until 5 p.m. on Oct. 20 to withdraw, after which the special committee of four which is now deadlocked over a substitute for Mansfield will have until 5 p.m., Oct. 24, to make a selection. A name cannot be placed on a hallot as the Democratic nominee for lieutenant-governor, but anyone can have his name put on as an independent Democrat, provided he files nomination papers signed by 1,000 files nomination papers signed by 1,000 registered voters before 5 p.m. on Oct.
